

Here is a standard AC Power wiring diagram

The Part numbers needed in addition to the lock and EntryPad are:

- Part #CB11-1T4                      Junction Box
- Part #AC/DC9 AC    Power supply

Here is an alternate AC Power wiring diagram, where the Junction Box is inside the safe

The Part numbers needed in addition to the lock and EntryPad are:

- Part #CB11-1T4                      Junction Box
- Part #AC/DC9 AC                  Power supply
  
- We can provide custom length lock cables. Two lengths that we stock are 6 ft and 15 ft. Part # are:
- Part# CABLE6 – 6Ft Cable
- Part# CABLE15 – 15Ft Cable
